Officer Freeman could notice that both the driver and the passenger seemed very nervous and fidgety. Officer Freeman could also observe the driver speaking very quickly and could observe his hands shaking. Mekail got his drivers license from a bag in the back seat and offered it to Officer Freeman. Officer Freeman could observe a pill bottle in the bag that Mekail had his license in. Mekail stated the medication was his. Officer Freeman instructed Mekail to pull off onto the shoulder of the road. Mekail pulled through the intersection and into the business of 1604 W. 10th Street to the Title Cash business parking lot about 50 feet away from Officer Freeman. Officer Freeman asked both the driver and the passenger numerous times if they smoked anything other than tobacco. Mekail refused to answer Officer Freeman verbally and instead shrugged his shoulders.

Officer Freeman instructed Mekail to step out of the vehicle and to place his hands onto the vehicle upon exiting it so Officer Freeman could pat him down for weapons for officer safety. Officer Freeman did have to instruct Mekail numerous times to keep his hands on the car with loud and clear audible commands. Mekail did give Officer Freeman permission to enter the vehicle. Mekail stated numerous times that there was nothing illegal in the vehicle. As Officer Freeman was grabbing the bag with Mekail's permission, Officer Freeman could observe what appeared to be a half smoked marijuana cigar in the ash tray near some Cigarillo wrappers. At this point, Officer Freeman attempted to place Mekail into handcuffs for further investigation. When Officer Freeman grabbed Mekail's wrists, Mekail actively pushed Officer Freeman back and turned around to face Officer Freeman. As Officer Freeman was trying to grab Mekail's wrists, he began actively resisting and struggling against officers attempt to handcuff him. Mekail was instructed numerous times to place his hands behind his back with loud audible commands. Mekail refused to do so and was actively resisting police officers which led to officers and Mekail struggling on the ground. Mekail was instructed numerous times to place his hands behind his back. Officer Freeman could observe Mekail digging his hands into his waist band near Mekail's groin area.

Sgt. Sumrall deployed his taser in order to safely handcuff Mekail, but Mekail resisted the effects of the taser and began resisting further. A second taser was deployed, but did not render effect enough to handcuff Mekail. Mekail got up from the ground and pushed officers away. Mekail began to create a distance between officers while continuing to dig both hands into his waistband. Mekail sharply turned back toward officers as Mekail took steps away from officers. Mekail's hands were in his waistband when Mekail made the abrupt turn toward officers. Mekail was shot by an officer in a response to Mekail's movements for officer safety. Officer Freeman did believe Mekail was reaching from some kind of weapon or object in his waistband. The bullet appeared to have entered Mekail's back near his spine and above his buttocks. Mekail dropped to the ground afterward. Officer Freeman could observe a small bag with a crushed up powdery substance that resembled a crushed pill underneath Mekail. Officer began to immediately initiate emergency care and began trying to stop the bleeding using sterile gauze and direct pressure. Officers called an ambulance immediately upon securing Mekail and Em Serv arrived on scene to render medical care. Officer Freeman did remove the taser prongs that were in the center mass of Mekail's back near the shoulder blades. Officer Freeman rode with Em Serv as Mekail was transported to South Central Regional Center Emergency Room. End of report/ B 267 Freeman/sb
